## BITS O' TALK

Guests at the William LaGrow home for Thanksgiving were Mr. and Mrs. Fred Jones of Eagle, Mrs. Carl Sorenson, Mr. and Mrs. William Harrison, the Jim LaGrows, the John W. Canfields, Connie Kellogg and Nora LaGrow, and Mrs. Joe LaGrow. Connie has completed her schooling as beauty operator in Grand Rapids and returned here recently.

Miss Toni Madsen was home from Traverse City to visit her parents the Whitey Madsens over the weekend. Her brother Dane came home from CMU, M. Pleasant, for the Thanksgiving holiday and weekend.

Li. Joe LaGrow spoke to his wife, parents, brother and sisters on the military mailbag program several days last week, also to the people of Grayling. His welcome voice was heard on Tuesday over Houghton Lake, Wednesday from Gaylord and Thursday from Petoskey. Joe is serving in Viet Nam.

Mr. and Mrs. Rod Powers of Mears and Miss Christine Carlson of Kalamazoo came Friday to spend the weekend with their parents, Mr. and Mrs. Arthur Carlson. Thanksgiving guests at the Carlson home were Amber Meech and Corlynn and Joe Kesler.

Mr. and Mrs. Carl Hanson, Capt. and Mrs. David Hanson and four children, Mr. and Mrs. Gordon Thompson and son Pat and Miss Mary Bobenmoyer all spent Thanksgiving day visiting the Carl Dean Hansons at Battle Creek. Also present for the day were the Alfred Hanson family of Buchanan. The Carl Hansons spent until Saturday in Battle Creek. The David Hansons accompanied the Alfred Hansons back to Buchanan to spend the weekend, and the Thompsons and Miss Bobenmoyer returned home Thanksgiving evening.

The George Schabiles Jr. of Lansing visited his parents for the weekend. George Jr. is just back from Corpus Christi, Texas.

## Name P.R. for Michigan Week

An invitation to all Michigan people to help tell Michigan's story nationwide and around the world throughout 1968 accompanied announcement today that John Whitlock, public relations manager of the Gerber Products Company, Fremont, is public relations chairman for the 15th annual Michigan Week May 19-25.

The appointment was announced by Win Schuler of Marshall, Michigan Week general chairman.

The invitation came from John Whitlock following a conference of the two planning a volunteer campaign intended to have literally thousands of citizens at work vigorously and continuously on state promotion during 1968.

"We invite every resident of the state to join Michigan's public relations task force," Mr. Whitlock said. "We believe every citizen feels a responsibility for the state's progress and will be proud to help tell the story of Michigan's multitude of advantages."

"There is plenty of work for everyone in this volunteer campaign. We have room for a great many people on the state and local Michigan Week committees that will carry much of the burden. We want business firms, schools and organizations of all kinds to take leadership in the campaign and contribute talent and manpower in their own pursuits and through their own channels of trade and communication."

"Everyone has skills and contacts peculiar to his own field of activity. It is from this great Michigan resource that we plan to draw for promotion of Michigan and its many attributes as never before."

As chairman of the Michigan Week public relations board Mr. Whitlock will appoint more than 20 state committees representing all media in the state and various phases of advertising and promotion. His is one of six activity boards in which all state committees of Michigan Week are grouped.

Mr. Whitlock, who graduated from Miami University at Oxford, O., in 1949, came to the Gerber company in 1953 from McCall Publishing Co. He has been county and regional chairman of Michigan Week and was deputy general chairman for the western side of the state in 1965.

## "Golden Triangle" Bear Bows Shown in New 4-Color Catalog

A unique eight-page full-color catalog shows off the new Bear Archery Company Target-Tournament All-Purpose bows for 1968. The eight bows appearing in the catalog are shown in action situations demonstrating the variety of archery activities available to the family.

The most unusual feature of the special catalog is a four-page, full-size, natural-color reproduction of the grip and riser section of the two top-of-the-line tournament bows, the Bear Tamarian HC-500 and the Bear Tamarian. This was designed for use as a point of purchase display for dealers.

Bows pictured in the catalog include the Bear Temujin and Bear Tartar (two all new bows), the Bear Bearcat, Bear Tigercat, Bear Cub and Little Bear.

This catalog precedes the regular general catalog to be released later this year.

## Howses Observe 50th Wedding Anniversary

Former Grayling residents from 1917 to 1922 Mr. and Mrs. James D. Howse celebrated their 50th wedding anniversary from 1 to 5 p.m. in their home at Jackson. Hosts for the open house were their children, Mrs. C. Joe Zurek, Mrs. Frederic L. Babbs, Mrs. Joe B. Keith, Curtis A. Howse and James R. Howse, all of Jackson. Other members of the family include 17 grandchildren and 5 great grandchildren.

The former Flossie Barnes accompanies her husband on fishing trips to Vanderbilt area several times a year. The couple lived the first 5 years of their marriage at Grayling, moving to Jackson in 1923 where he was an employee of General Products Corp. for 17 years before retiring in 1958. The Howses met at a New Year's Eve party at Vanderbilt where Mrs. Howse was born, and married November 17, 1917 at Gaylord. Mr. Howse is a native of Brown City.

Attending from Grayling was Mrs. Maggie Levertan, a former school chum of Mrs. Howse at the Sturgeon Valley school in Vanderbilt.

## 4-H News

On Thursday, October 26, we had our first meeting and elected these people to office: President April Thayer, vice-president Gayla Peterson, secretary Jean Blaauw, treasurer Debbie Wyers, news reporter Jill Cramer, recreation leader Debbie Kolb.

We decided to call ourselves the Stitches Rippers, and to hold business meetings the first of the month.

Our leaders are Mrs. Jensen and Mrs. Kolb.

## CHRISTMAS TREES ARE BIG BUSINESS

Once Christmas trees were cut behind the farm house. But today it takes a year-round business to give you that perfect tree for your home.

Marketing specialists at Michigan State University report that even the temporary tree lots, formerly projects of civic groups or a side income for merchants, are passing to regular merchants who deal just with trees and accessories.

Michigan is the nation's leading producer of Christmas trees, accounting for 10 per cent of all those grown in the U.S.

The Scotch pine leads among other species for consumer demand, according to Michigan State University Cooperative Extension Service. A survey revealed consumers will pay 60c to \$1 more for Scotch pine because of its high needle retention, firm branches and pleasant fragrance.

Both the consumer and merchants prefer green color-treated trees, according to an MSU survey. The natural green color is enhanced and freshness and moisture are retained better.

Trees packaged in plastic bags provide easier handling from plantation to merchant, to consumers' homes, MSU marketing specialists report. Trees stay fresher and retain bright color and needles longer.

The future Christmas tree industry must compete with more and higher plantation production, the artificial trees and Canadian imports.

Everybody who earns a paycheck is generally hat his income taxes are deducted from it with his social security payment and unemployment insurance. This withholding tax system is out to be one of the greatest misfortunes of the United States. Since the tax-experience the pleasure of jingling in all the dollars that he earns, he really misses them. Huge amounts of taxes can be with an unbelievably small amount of more than one authority has noted, there is a tax rebellion in the country except for withholding system.

Matter of fact, this might not be a bad thing for the people of the United States can doing and spending policies of government, can do it in the polling booth at election the United States ever does go aground uncontrollable sea of deficit spending, inflation, ever-higher taxes, the painless system of withholding taxes will probably have contributed the final catastrophe. Now would be a good time to take a look at our paychecks, and in the all the dollars we don't get to take home, the possibility that we already have more than we can afford.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEAR AGO

Nov. 30, 1944

Burrow's Food Market have had lots of steaks and chops and roasts in their storerooms during the last week. The funny thing about it, said Arnold Burrows, is that we haven't sold one pound of any kind of cuts. Well, one good reason is because it is venison and not beef or pork. Figuring the weight of each deer at about 125 pounds, over a ton of the most sought-for meat around here was stored in the cooler during the past few days. On the first day alone 12 deer were stored there while the lucky hunters waited for their less fortunate companions to follow suit. On the first day the following men left their bucks at the Burrow's Market: Mark H. Wood, Holt, Ed Szarek, Detroit; Herman DeVries, Muskegon; Lloyd Smith, North Adams; H. Kimbell, Detroit; Bert Carpenter, Lansing; Elmer Webster, Millington; Nelson Schaefer, Hillsdale; Vernon Schlicker, Freeland; Leonard Zellinger, Caro, and Alexander Reider, Flint. The next day Ora McCartney of Flushing and Fr. Brannigan of Grayling stored their venison there. Alton Evans of Clio came in on November 20, Charles Grzau of Detroit on November 21 and Jake Cole, also of Detroit on the 26th. Burrows said he is still expecting a few more to come in as the season still has a few days to run.

At last week's meeting of the Kiwanis Club, new officers for the year 1945 were elected. Dr. Stanley A. Stealy was named president and Mayor George Burke was elected vice-president. Both men were named unanimously. Jerome Kessler will continue as secretary-treasurer. Floyd Davis and Earl Burns were re-elected to serve as directors of the club for the next three years. Robert W. Strong was also named as a director. Norman Butler, Carl Peterson and James McDonnell will continue on the board of directors as their terms have not yet expired. Dr. Stealy who was vice-president this year will succeed Roy Trudgeon who has turned in a fine performance as president this year.

Mrs. Edna Berry of Indian River spent the Thanksgiving weekend with her daughter and family the Maris Hansons.

Miss Jeanne Hanson was home from Bay City Business College last weekend and she had as her guest little Johnny Ellertsen, son of Mr. and Mrs. Ellertsen of Bay City.

Fire damaged the Crawford County jail to the extent of \$100 on Thanksgiving Day, according to Sheriff John A. Papendick. The City Fire Department answered the fire a alarm very promptly and it wasn't even necessary to use water on the blaze. It was brought quickly under control by the smoke eaters with chemical. The alarm however, brought many people away from that Thanksgiving turkey to see what was going on and there were many remarks bantered back and forth by the crowd about each one losing their winter home because of the fire.

A new modern, efficient wiring system has been installed at the Dore Manufacturing Company, according to Maurice E. Dore, head of the company. The new system will stop a fluctuation in the electric service in Grayling when the large metal-working machines at the company's plant are turned on. According to Dore, the high voltage needed by the machine has at times drained the surrounding lines of electricity creating difficulties both at the plant and in adjacent buildings. This trouble has been cured by the new wiring. Radio interference by the machines at the plant will be reduced to nil also.

Virginia Peterson spent Thanksgiving weekend with her parents, the T. P. Petersons.

Mr. and Mrs. Norman Dawson and children of Mt. Pleasant were Thanksgiving visitors at the Earl Dawsons.

Arizona:

There's a new grandpa and grandma in Grayling. On Nov. 22, in Toledo, Ohio, Mr. and Mrs. Gerald Barger became the proud parents of a baby girl, "Barbara Ann." Recent news tells us of Gerald's participation in the China War Theater. "Join the Navy and see the World," has proved itself to Jerry as he's certainly been around, action at Murmansk, Russia, Malta and England when conveying. He took part in the invasion of Africa, Sicily and Italy and now he's in the Pacific. We certainly hope it won't be too long before he can come back home and meet his tiny daughter.

Mr. and Mrs. Herbert Trudeau and daughter Guin are spending two weeks in Grayling, hunting. The Bob Strongs were in Flint for the weekend visiting Mrs. Strong's parents, Mr. and Mrs. C. J. Elston and San Elston, and sister Mrs. Chas. Maines.

Mrs. Glen Penrod is spending several weeks visiting her mother, Mrs. Mary Shields of Detroit.

Gloria MacNeven spent Thanksgiving with her people, the Harold MacNevens. She is teaching in Benton Harbor.

Floyd Davis has a new sign. Looks fine. Floyd also got his buck the first week of the season.

Emily Giegling of Saginaw and cousin, Alice Johnson of Hale spent Thanksgiving vacation with Emily's parents, the Emil Giegling.

Enos Jennings and Claud Lada of Hazel Park spent the first week of hunting season with Enos' mother, Mrs. E. A. Jennings.

The Roy Milnes had as Thanksgiving Day visitors their daughter Jane Milnes, cadet nurse, and Milne's sister, Mrs. MacInnes of Detroit.

Mr. and Mrs. J. L. Martin were pleasantly surprised Monday at 3 a.m. to receive a call from their son, Edward, that he had arrived in the states.

Mrs. Amy Gothro had as weekend visitors her daughter and family, Mr. and Mrs. R. L. Benginger, Barbara Lee and Peggy Ruth and son, Kenneth Gothro and friend Lucille Carlton, all of Lansing.

cabins for deer hunting. While here they called on their former neighbors, the J. E. Strongs.

Mrs. Erma Daly, the former Erma Bighan spent a very pleasant vacation and holiday with her parents, relatives and friends. Mrs. Daly has been an employee of General Motors Saginaw Steering Gear Division for the last year and a half in defense work.

In the first game of the season the Grayling basketball team downed the Vanderbilt quintet by a score of 40 to 11. Although the score was lopsided in favor of Grayling, it was a good game. E. Brown, Grayling forward led the scoring with 14 points. He was followed closely by A. Smith and Landsberg who both scored 10 points. L. Perry of Vanderbilt was high point man for the losers with 8.

It was announced by the Grayling Board of Trade that they have secured C. A. Brownell as the principal speaker for their December banquet. Brownell is the former advertising manager

1. LTD and XL priced lower than last year! We did it by changing what comes as standard equipment ... and made it even easier to get what you want. Now LTD comes with a bigger V-8—302 cu. in.; XL has a 240-cu. in. Six and a choice of 5 V-8's. Last year you could choose V-8's only. On LTD and XL, 3 speed manual transmission is standard, instead of SelectShift Cruise-O-Matic—now optional. Vinyl roof on 2-door LTD's and Comfort-Stream Ventilation are optional this year. Choose them now only if you want them. And hidden headlights, strong die-cast grille are all standard for '68.

2. Fastbacks priced the same as hardtops! Take your choice of full-sized or intermediate models, with no extra charge for fastback styling. See the handsome Torino GT fastback with the luxury ride of a 116-in. wheelbase (longer than 38 competing intermediate models). Choice of bucket seats or full width seats for six.

3. Wagons in three sizes—all available with Ford's two-way Magic Doorgate! Only Ford offers so wide a choice—and only Ford offers its Magic Doorgate with every model. It opens down for cargo—opens out for passengers—and it's only one of the many better ideas that make Ford first in wagon sales.

4. Mustang—the one car on the road you can't mistake for any other! The only one to offer you wall-to-wall carpeting, bucket seats, floor-mounted stick shift, functional hood louvers with turn indicators, and sport steering wheel—all standard. And only Mustang makes it happen at such an economical price! No wonder it's America's favorite sporty car.

## School Board Minutes

A report on the September School Board Meeting.  
The regular meeting of the Crawford AuSable School District, Crawford, Kalkaska and Otsego counties was called to order in the high school offices at 8:00 p.m. by Dr. Paul Dosch. All present.  
Dr. Ralph Hoffman appeared before the board in regard to the problem at the magic square. The board agreed to have signs put up directing the public to use the Plum Street entrance to the square. Also to paint the gate in the fence so that it is more easily seen. If after a reasonable trial period this proved inadequate to solve the problem then we would share the expense of additional fencing.  
After discussion of the financial report invoices were approved for payment. Also the board approved the borrowing of operational monies to be repaid from future State aid.  
Mr. Stripe reported on the sky light repair and also informed the board of the new report card system being used at the Elementary and High schools.  
The oil bid of the Osceola Company was accepted. We are buying an underground gas tank from Mancelona and will install it ourselves.  
The board approved a bid on a federal surplus pickup truck and instructed Mr. Stripe to put the present truck up for sale.  
Mr. Stripe explained the problems involved in hiring substitute teachers and informed the board that he had hired a Kindergarten teacher.  
Jim Kolka agreed to study the possibilities of block scheduling (a college type class scheduling) for the high school.  
Patricia Fowler gave a report on the State Convention of Michigan Boards of Education. The meeting was adjourned at 10:50.  
Sec. Patricia A. Fowler

## Memo from Merrily

By Merrily Lacasse

For the home sewing enthusiast, good news!

The pattern fashion industry is introducing a new sizing for patterns that they feel will correspond more closely to standard body measurements.  
Patterns dated January, 1968, will contain a new chart showing more true to size measurements. These patterns will be available in November. All major pattern companies, Butterick, McCalls, Simplicity, and Vogue, are adopting the new sizing.  
Since patterns with new sizing and patterns with former sizing will run concurrently for some time, in the January-dated catalog the two measurement charts will appear in different colors. New sizing will be a red chart, while former sizing charts will be blue.  
In the new sizing the former Teen, Pre-Teen, and Sub-Teen figure types will be replaced by a single category, Young Juniors/Teen.  
As a general rule, you will be buying one size smaller in the new sizing. I have a booklet that answers a few general questions, and an address to help you find out more details.  
Don't forget the Extension Homemakers' Christmas Tea, Wednesday, November 29, from 10:00 a.m. to 3 p.m. at the Roscommon County Building. Mrs. Virginia Gerard from Consumers Power Company will bring us a program on Christmas lighting, decorating, and foods.

## The Church Of Your Choice

# CAT OR KITTEN?

ALL FOR THE CHURCH... If someone asked you which you would rather have for a pet, a leopard or a pussycat—you would probably think they were crazy. Why? Because to you a pussycat is a soft cuddly animal—a leopard, a ferocious beast of prey. But suppose when you were small, someone had taught you that both animals are similar? Then, the question would not seem absurd.

So much depends upon how we've been taught. A mistaken interpretation of a particular word can distort our thinking. Take for instance, the word *Christian*. Some people think of a Christian as a fanatical do-gooder. Others see him as a hypocrite, praying loudly on Sundays while ignoring religious responsibility. Still others, know of the spiritual riches to be found in following the examples of Jesus.

Your church teaches and interprets God's truths. The spiritual values you learn there can illuminate your entire life.

## License Plate Fees Not Affected This Year

LANSING — Secretary of State James M. Hare has again reminded Michigan motorists that the increase in license fees does not affect the cost of 1968 license plates which went on sale November 1.

"Our offices have received numerous calls on the increase of the weight tax fees by the Legislature," Hare said. "The new rates do not start until the 1969 license plate sale which starts in November of 1968. Fees this year are the same as last year."

On the subject of plates, Hare said increased sales of 1968 license plates all over Michigan

## Hancock Industries at Roscommon To Hold Open House Dec. 2

Hancock Industries, Roscommon Division, which began production in May of this year, is now in full swing. The Company, whose main offices are in Jackson, is having an open house at the Roscommon plant on December 2, and invites the public to visit the plant and look over the modern manufacturing facility.

The cornerstone for Hancock Industries manufacturing philosophy since its founding in 1906 has been "quality." Over the years the company has built a reputation for integrity and for exceptional service to the customer. The Hancock Roscommon Division stands as an outstanding example of a complete manufacturing facility for precision fabricated assemblies.

## Presses:

In a month approximately 700,000 pounds of steel is received at the plant in coils weighing up to 20,000 pounds. These are stamped into automotive component parts on three large automatic stamping presses capable of stamping pressures up to 400 tons. The press-room equipment will handle the largest diameter steel-coils that the steel industry produces. The presses are capable of stamping at a speed of 5400 strokes an hour and a roll-forming machine of the latest design is capable of receiving strip steel and notching, piercing, and forming it into intricate forms and sweeps.

A battery of eight secondary presses receives the stamped parts from the automatic presses and forms these into finished automotive components. In line with the Hancock philosophy of maximum safety standards, all of these presses are outfitted with the latest safe-guard devices to assure minimum exposure to the operators.

## Plating:

The components that are stamped are processed through a plating department which coats the material with a silver zinc coating, or a black phosphate coating, which not only improves the appearance but also protects the material from rust and corrosion.

Perhaps no area of the Roscommon plant has received as much engineering attention as the plating department. It has been the intention of Hancock Industries to design and install a plating department free from the contamination problems often associated with plating systems. The major contamination problem in zinc plating has been the disposing of cyanide wastes

developing in the system. The Roscommon plating system was designed and built to zinc plate without the use of cyanide, thus completely eliminating any possibility of cyanide contamination in the plating waste. The plating system is one of the very first in the State of Michigan which is cyanide free. "Hancock Industries is proud to be a part in pioneering this innovation in plating which will do so much to free Michigan of pollution," said Howard Gentry, plant manager.

## Water-Disposal:

However, even the cyanide-free plating process requires disposal of wastes. The Roscommon Division disposes of the waste by a system within the plant which assures no contamination to the surrounding areas. All waste material from the plating system is piped into large holding tanks where it is treated by a chemical process for purification. After treatment, the purified waste water is discharged into a leaching pit at the rear of the plant. In compliance with the request of the Water Resource Commission, daily samples are taken of the waste water and analyzed by an independent chemical laboratory to assure that the water is free of contamination. In addition, a test well has been installed between the leaching pit and Robinson Creek for periodical sampling to assure that there is absolutely no pollution in the AuSable River from the wastes from the plant.

## Components Shipped Out:

After the component parts are plated, they are transferred to the assembly department which builds the components into automotive assemblies. These are shipped directly to automotive assembly plants throughout the United States and Canada. Parts produced at Roscommon are used in Ford, General Motors and Chevrolet cars and trucks.

The Roscommon plant presently employs sixty-five (65) people, operating on 2 eight-hour shifts. Prospects for the coming year are that employment at the plant will substantially increase.

Tinker-Muth Wed  
November 11

The marriage of Miss June Susane Tinker to Thomas Allen Muth took place at eleven o'clock Saturday morning, November 11, 1967, at St. Mary's Catholic church. Father William McKnight performed the ceremony before approximately 100 guests. White baby mums graced the altar. Susane is the daughter of Mrs. Laura E. Tinker of 509 Park Street, and Thomas is the son of Mr. and Mrs. Charles Muth of 207 Brink Street, Grayling.

The bride was escorted down the aisle by her grandfather, Frank P. Decker Sr. For her wedding she wore a gown of white satin with lace bodice and sleeves made by her great aunt, Mrs. George D. Miller. The skirt fell in a chapel-length scalloped train of double-edged lace. A cluster of white satin rosebuds with seed pearls held her elbow-length veil, and she carried a cascade of orchids and stephanotis.

Mrs. Donald LaMotte served as matron of honor. She was attired in an olive green floor-length gown with velvet bodice and A-line skirt with satin back panel, and matching satin bow holding her short veil. Her flowers were rust and gold baby mums.

Serving the bridegroom as best man was his uncle, Lwlyn Wilson of Dearborn, and seating the guests were William Muth, Greg Ashton, John Rolfe and Aubrey Welch.

Mrs. Tinker wore a pale green brocade A-line dress with beige accessories. Mrs. Muth chose a white metallic sheath with black accessories. Both mothers wore corsages of rust and white baby mums.

A reception was held Saturday evening starting at 7:00 at the Grayling Bowhunters' Club, decorated with green and white streamers and balloons for the occasion. Following this Mr. and Mrs. Muth left on a tour of Indiana, Ohio and Kentucky for their honeymoon. The couple is making their home at the Wayne Ewalt property at Eagle Point. Mrs. Muth attended St. Mary's School and graduated from Grayling High in 1964. Her husband attended Grayling High until entering the service for two years.

Guests here for the happy occasion were from Farmington, Memphis, Michigan, Roscommon, Detroit, Higgins Lake, Dearborn Heights, Traverse City, Saginaw, Big Rapids, and Cicero, Ill.

## Obituaries

### Thursday Services For Local Man's Father

John C. Jaekel, father of F. John Jaekel of rural Grayling, passed away Monday, November 27, 1967 at Mercy Hospital following a short illness. He was 88. Surviving are another son, Victor of Flint, a sister, Lillian Zuehlke of Saginaw, six grandchildren and seven great grandchildren. Funeral services will be at the Sparks-Griffin Funeral Home in Pontiac, on Thursday. Burial will be in Roselawn Park, Royal Oak.

Mr. Jaekel was born February 23, 1879 in Buena Vista Township, Michigan. He worked as a Lutheran teacher for many years in both Michigan and California. Later he worked for Pontiac Motors until his retirement several years ago. He continued to live in Pontiac until about a month ago, when he came north to make his home with his son John.

### CARD OF THANKS

Our sincere thanks to Dr. Dosch and the Mercy Hospital staff for care of our father in his final illness.
